Mrs. Santa Claus, Marie Austin, and young Eleanor Bathe exchange glances during the Anglican Church Women's annual Christmas bazaar. Mrs. Clause was in attendance to hear the Christmas wishes of the children and carry their messages back to the North Pole. The event, held on Saturday, included a lunch, bake and craft sale in the church's new parish hall.

Township will strengthen shelter at fairground

The mini-fair building located at the municipal fairgrounds will be strengthened to carry the winter snow loads and reinforced. The motion to carry out the work was endorsed by the outgoing council at its regular

meeting November 14.

The matter was brought to the council's attention by the municipality's bylaw enforcement officer, Dick Schell. He told the council the building was unsafe as it now stood and should be removed before the stress of

the winter snow load creates a further hazard.

Councillor Gary Kenney suggested that the municipality should, rather than dismantling the structure, place proper footings under

(more on page 2)

Consulting fees double-Stanhope to question

The consulting fees for the revision of the Stanhope Township's comprehensive zoning bylaw are almost double the estimate offered two years ago and the municipal council wants to know why.

According to figures released at a special meeting of the council Thursday evening, the consulting engineers have billed the municipality for close to \$26,000 while the company, Totten Sims Hubicki Associates of Bramalea had told the council the revisions could be carried out for \$13,885 in September 1983.

The difference in the two amounts has members of the council upset. Councillor Elvin Johnson described the situation as a "shafting", while Councillor Ann Barker suggested that most businesses stick to the estimates they offer at the beginning. "That is the way most people do business," Barker told the meeting.

Reeve Harry Davis suggested the company should have notified the municipality when the cost of the revisions began exceeding the original estimate.

The municipal clerk, Gerald Bain, traced the

development of the zoning bylaw revision. He told the meeting that the company's bid of \$13,885 was accepted in September 1983. That amount, along with an estimated \$6,000 in legal fees, and \$4,500 for printing and postal distribution of the bylaw, brought the estimated costs to \$24,385.

Using this figure as a base, the municipality applied to the Ministry of Housing for a subsidy. The ministry agreed to provide 75% of the funding and the consulting firm was given approval to proceed with the revisions in February 1984.

As of September of this year the municipality had received invoices from the firm for \$18,400. Since then an additional invoice for \$7,500 has been received bringing the costs to almost \$26,000.

It was pointed out at the meeting that a number of revisions had to be carried out during the preparation stages. The major one being the elimination of a seasonal residential zoning, which required new mapping to be done. This work was required after the first printing of the bylaw had been completed.

The revisions were a result

of public meetings, and, when the revisions were completed, additional public meetings were required to outline the changes.

While the council appeared to be satisfied that some of the additional costs could be accounted for in the extra work required in the preparation of the bylaw, the general feeling was that the final billing was still too far out of line.

It was pointed out during the discussion that the consulting firm had provided a detailed break-down of costs for one phase of the bylaw, but had only indicated lump sum amounts for another phase of the work.

Earlier this year, the municipality received a bill from the firm with the words "final statement" written on it, but additional invoices have arrived since that time, leaving the council to wonder when the costs for the bylaw revisions will ever end.

The council agreed to request a detailed accounting of the invoices submitted by the consultants before paying any more. Noting that if the municipality attempts to apply to the provincial government for additional subsidy assistance, the detailed accounting will be required by the ministry officials.

Status

The council was also told that the time period for filing objections to the new bylaw has now expired and the document is being prepared for presentation to the Ontario Municipal Board. The township hopes to have it ready by the end of December.

The clerk estimated that several hundred objections had been filed to the bylaw, many of them representing the same concern. He said there were about 20 different issues that are being questioned in the submissions.

If the bylaw can be prepared and submitted to the Ontario Municipal Board by the end of the year, the clerk expected a hearing date could be set for sometime in April 1986.

Legal claim called frivolous

Describing a claim by two property owners in Ingoldsby as frivolous and ridiculous, the Haliburton County Council has agreed to hire a lawyer to respond to a legal notice received concerning the construction of the bridge at the narrows. The claim, filed for Joe Curtin and Mary McCrae by a Waterloo legal firm, claims details of 16 specific incidents of "injurious affection" caused by the construction of the bridge.

Dysart et al Reeve Murray Fearrey was the member of council who described the action as being "frivolous and ridiculous". He also suggested that the county should, in responding to the claim, seek a

judgement which would have the claimants pay all costs, including the county's legal fees and court costs, in the matter.

According to County engineer, Bill Obee, the claimants have not placed a monetary value on their claim as yet.

The claim, sent to the County October 15, includes the following complaints: the bridge and abutment creates an adverse visual impact; the shiny metal cladding, rip rap and spilled cement creates an adverse visual impact; the water depth at the narrows has been reduced so that the bridge can no longer be used

(more on page 2)

There was little Stanhope firefighters could do but snuff out the smouldering remains of an 87 year old farmhouse just off Highway 35 near Twelve Mile Lake. The home of Ken Rowden was completely engulfed by the time firefighters arrived on the scene. The tanker truck was quickly drained and by the time the hose was stretched to a pond some distance away from the home, it had been levelled. The cause of the blaze is undetermined. Fire Chief Bob Nangle estimated the loss at \$65,000 plus contents.

Building to be prepared for winter

(from page 1)

the beams and make it secure for the winter months.

Councillor Pat Burk suggested the building should be dismantled and put away for the winter. "Let's let the new council decide where the building should be placed," she commented.

Earlier this year there was some controversy over the placement of the building. Several residents of the area objected to the structure referring to it as an eye-sore. The building had been set in

place for the fall fair and was allowed to remain in place for that activity.

Mr. Kenney said that once the building was dismantled and stored away "...it wouldn't be re-erected again." He suggested it would only cost \$400 to make it safe for the coming winter.

As the discussion ensued, the council appeared to agree that a master plan was needed for the future development of the fairgrounds. Councillor Burk said the plan was needed to ensure buildings

are not placed "higgeldy-piggeldy" around the site.

The motion to improve the structure for winter snow loads, said municipal forces would be used to carry out the job and that not more than \$500 would be spent on the job. The motion passed on a recorded vote with Councillors Kenney and Dave Stevens voting in favour. Councillor Burk was the only member opposed. Deputy-Reeve Ed Pergolas was not in attendance.

Kenney said the Agricultural Society would be willing to cover any costs over \$500 in making the structure safer.

At a meeting later that

afternoon, president of the Minden Agricultural Society, Sue Stevens, expressed her appreciation to the council for their endorsement of the structure.

Legal action

(from page 1)

for recreational swimming; the placement of bridge and abutment has eliminated a pathway resulting in the public trespassing on McCrae property; the river frontage used by the owners has been reduced; there has been an increase in noise level, the result of increased traffic travelling at higher speeds and larger vehicles; the size of the sand beach has been reduced; the remaining beach now fronts on an eddy where leaves and other debris accumulates, making it unfit for swimming; the removal of trees and shrubs has resulted in a loss of proprietary interest in respect to the trees located on the expropriated property; a wire fence was removed; the altered drainage pattern will result in increased erosion; salt placed on the road will result in further vegetation die-back and loss of privacy; there was unusual noise, vibration and petty trespass during the construction

period; a dock serving the property at the former bridge has been removed; there was inconvenience with the loss of the span during the construction period; and the road now is much closer to the house, reducing property value.

Property belonging to Mr. Curtin was expropriated by the county to allow for the construction of the new bridge at the narrows. He objected strenuously at the time and a number of hearings were held before the county gained the right to purchase the property and proceed with construction.

Anson, Hindon and Minden reeve-elect, Sinc Nesbitt, who was present in the public gallery, told the meeting he was pleased with the work done by the road committee. He said they are to be congratulated on the new bridge and suggested the county should seek compensation for any costs incurred in responding to the present claim.

STANDING COMMITTEE ON PROCEDURAL AFFAIRS AND AGENCIES, BOARDS AND COMMISSIONS

LEGISLATIVE SCRUTINY OF APPOINTMENTS

The Standing Committee on Procedural Affairs and Agencies, Boards and Commissions will commence hearings in December, 1985, on the methods by which it believes that appointments should be made to agencies, boards and commissions of the Government of Ontario to which the Lieutenant Governor in Council makes some or all of the appointments and all corporations in which the Crown in right of Ontario is a majority shareholder.

The Committee invites written submissions from individuals, groups or organizations wishing to comment on the above-noted subject. All briefs should be deposited with the Clerk of the Committee not later than Friday, 6 December 1985.

County questions liability in Spills Bill

Concern over the liability imposed on municipalities by the new provincial 'Spills Bill', has prompted Haliburton County Council to request the Ontario Ministry of Environment to reconsider portions of the legislation. The matter was discussed at the November 20 meeting of the council.

A letter from the Ontario Petroleum Association

prompted the council to examine the matter Wednesday. According to the provisions of the new bill, the carriers of hazardous product or those having control over it, would have absolute liability for the costs of cleaning up the environment if a spill should occur. The letter from the petroleum association said, for example, a municipality

could be held totally liable if a hazardous liquid was dumped into its sewer system and the liquid escaped into the environment. The example cited suggested the costs of clean-up could run into millions of dollars, with the municipality being responsible for the expense.

Dysart et al reeve Murray Fearrey said the county, or municipalities, should not

be held responsible for the costs if, for example, hazardous liquids escape into the environment as a result of an act of God or vandalism. He suggested that accepting such liability could quickly bankrupt a municipal government.

The council endorsed a resolution to the Minister of the Environment seeking to have the new legislation

amended.

In a related matter, Mr. Fearrey also noted that the cost of general liability insurance has jumped dramatically for municipalities. He speculated that it could go higher in the future.

It was suggested that new laws, such as the provisions contained in the Spills Bill, and awards made by the courts such as one in south-

ern Ontario in which the operator of a mini-bike successfully sued a municipality for over a million dollars following a mishap, will drive up the liability insurance rates until they are beyond the reach of municipalities.

"The time is coming when we just won't be able to afford insurance," Bicroft reeve Bill Howe commented.

Field sign policy under review

The Ontario government is going to take a closer look at its policy regarding the placement of field advertising signs along provincial highways, especially in the Haliburton and Muskoka areas.

Word of the plan to examine the policy was contained in a letter written earlier this month to the president of the Federation of Ontario Cottagers Association (FOCA), G.R. Fitzgibbon, by the Minister of Transportation and Communications, Ed Fulton. A copy of the letter was forwarded to the Haliburton County Council and read at

the November 20 meeting.

The FOCA president had written to the minister complaining about the increasing number of advertising signs along provincial highways. His comments included references to stretches of highways in the Minden - Haliburton area and mentioned several examples noted in a letter to the editor printed in last week's edition of The Times.

The minister noted in his reply that the MTC was keenly aware of the sensitiv-

ity of the issue. He said, "On the one hand, many travellers feel a sign-free environment is desirable, while on the other, the owners of business establishments serving the motoring public continually request increased signing locations."

According to Mr. Fulton, MTC staff members will be meeting with representatives of Muskoka and Haliburton to develop a sign control policy which is acceptable to this major tourist area.

The letter also states that

a new tourism signing policy is being introduced. He feels the policy will, "...eliminate the need for many of the existing field advertising signs."

The minister concluded by noting, "While I cannot agree there is no room for some form of commercial advertising, I would agree that too many signs detract from the province's natural beauty and are undesirable."

New County clerk appointed

Haliburton resident and former Dysart Deputy Reeve Gary McKnight, has been chosen to be the county's new clerk-treasurer. The appointment of Mr. McKnight, which becomes effective at the beginning of the year, was endorsed by the county council November 20.

According to the chairman of the personnel committee, Bicroft reeve Bill Hower, the committee received 18 applications for the post. He told the meeting that all applicants from the county were inter viewed before a final recommendation was made.

Prior to the vote being taken, Dysart Reeve Murray Fearrey told the meeting that, while he was a member of the personnel committee, he did not attend the final meeting at which the choice was made. He also refused to vote on the matter, citing his close relationship with McKnight. The new clerk is presently an employee of Dysart et al.

Anson, Hindon and Minden Reeve Lyle McKnight, also withdrew from the voting noting he is the brother of the successful applicant.

The new clerk will also serve as secretary of the Land Division Committee.

McKnight replaces Wanda Scott who was appointed a year ago.

By-election needed

The incoming Anson, Hindon and Minden municipal council will face some tough decisions the moment the last oath of office is completed on December 5. The first item on the council's agenda will be how to fill the vacancy in the deputy reeve's position.

The Municipal Act outlines two methods: appoint a councillor to the post or hold another election.

We feel the council's best course of action would be to call for another election. This is the only responsible course to follow for a number of reasons.

The wishes of the electorate of Anson, Hindon and Minden have been thwarted by the resignation of the individual elected to the post of deputy-reeve. However, the voters also showed firm independence in selecting non-incumbents for all offices. We believe that reaction is an indication that the voters want to be heard and not give up their responsibility for selecting those who will represent them.

The fact that the vacancy occurs even before the council has taken office is another reason there should be a by-election. Had the council been even a year into its mandate, it would have earned the power to select the necessary replacements. However the electorate deserves the right to be consulted on the selection since the individual will serve for the complete three year term.

There are those who suggest the expense of a by-election, estimated at \$4,000, is too high a price to pay for filling one seat on the council. In relation to the township's entire budget, the amount is small. More importantly, one of the prices of living in a democratic society is paying the cost necessary to ensure every eligible voter has an opportunity to voice his or her opinion through a secret ballot. No price tag can be placed on that important right and no one should attempt to justify a no-vote position on the basis of dollars saved.

As well, the machinery for holding an election is in place and recently tested. It would not take too much to put it into gear quickly.

The voters of this municipality deserve to be heard on the selection of a deputy-reeve, who will serve them for the next three years. Therefore, we believe the council has no choice but to call for a by-election for the vacancy as reasonably soon as possible after assuming office.

letters

Editor:

I agree wholeheartedly with J.G. Strickland re. the unsightly signs on Highway 35.

Let's get them down and instead do what we saw in Maine; that is, one large attractive sign with names of several local businesses - a directory. Perhaps the Chamber of Commerce could undertake such a project and don't stop at Minden on Highway 35, there's more.

L. Quackenbush,
Mountain Lake.

letters

Editor:

Adding limestone pellets in biodegradable bags around all salvageable lakes has been proven in Sweden and Canada over the past 15 years as one answer to the acid rain killing our lakes, rivers, forests and land. But to be effective, it must be done in early spring before the acid drenched snow starts its run-off.

The bags form a dam or weir and holds the acid snow water back, then, as the ice melts, the pellets sink to the bottom. It does not harm the fish or eggs or other water animals, and the wild animals, deer, raccoons, bears, etc., which drink from

letters

the lakes and rivers.

Mike Collins, a local scientist who works with the Haliburton County Anti-Pollution Association, has shown he could employ thousands of 15 to 25 year olds in this and other areas, if government would supply a crusher at Kinmount and other points and trucks to haul the bags to the lakes in winter. You don't need high-priced scientists or bureaucrats, just young people willing to work.

The Ontario Cottagers Association could put the bags around the lakes for free if the government will stockpile the limestone bags

letters

in dump areas in the winter. It is so simple it boggles the government's mind. They don't want to see it work as they would have to start spending out tax money on something worthwhile.

Recently, on a television documentary on acid rain, a private citizen saved a 200 acre lake on his property by limestoning. There is proof it works.

Douglas A. Hughes,
Gooderham.

outdoors

Federation of Ontario Naturalists

At this time of year, I used to wonder who was clipping my trees, for beneath a canopy of balsam fir or cedar, the ground would be littered with fresh green boughs. The mystery was solved when the topmost branches of a large cedar near my cabin began to rain down one morning. The culprit was a red squirrel, busily gnawing off the twigs that held cones for his winter food supply.

These little tree-top acrobats like the cones of spruce and pine as well. Cones are quickly collected from the ground and stowed away in "middens" in hollow logs, under fallen trees or even underground. By spring, after a long winter of chewing these middens are often conspicuous as piles of discarded cone shells. Red squirrels are active all year round and in fact the first mating of the year usually takes place in the depths of February. After the first litter of young is born in early May, the squirrels may mate again for a second batch in August.

Red squirrels are true northerners, preferring the coniferous woods wherever possible. This is also one of the few species that are actually brighter during the winter months. In summer, it has reddish-grey fur on the back, separated from the white belly by a black stripe. But in the cold months, the black stripe disappears and the back fur becomes a bright reddish colour. Even so, these squirrels are more often heard than seen, as they scold intruders with long, explosive lectures, accompanied by appropriate twitches of the tail.

An individual red squirrel lays claim to a territory ranging from two to six acres. With a wide-ranging appetite, it forages for whatever food is available - not just nuts and cones, but also mushrooms, bird eggs, meat and even sap in the spring.

With such a variety of food sources, it is little wonder that the red squirrel can withstand the perils of fox and owl, sometimes to live for a span of ten years or more.

LCBO investigates wines

- by John Eakins, MPP -

Consumer and Commercial Relations Minister Monte Kwinter has ordered a judicial inquiry to look into the handling of wine contaminated with a suspected cancer-causing agent. Recently, the Ontario government pulled a total of 13 brands of ports, sherries and fruit brandies - eight Ontario products and 5 imported brands - from LCBO shelves. These products were found to contain unacceptably high levels of the chemical ethyl carbamate.

Mr. Kwinter stated that the LCBO was first warned of this situation in 1979. The high levels were produced through the use of a yeast booster called urea, which produces ethyl carbamate as a by product of fermentation. At that time, the LCBO decided to prohibit the use of urea, but no public statement was made.

In 1982, the matter rose again at the LCBO identifying the concern about continuing high levels of ethyl carbamate. Again there was no public statement and no product was removed.

At the direction of Mr. Kwinter, the LCBO is now testing samples of all 2,500 brands of alcoholic beverages sold until they are satisfied they have identified all products containing excessive levels of ethyl carbamate. Two of the products now removed from LCBO shelves were identified by this testing, after Mr. Kwinter made his announcement.

Farmers in transition

Farm families in Ontario are facing problems of low commodity prices and high input costs, with the result that several hundred farmers are expected to lose their farms this year. For this

reason, Agriculture and Food Minister Jack Riddell has introduced the Farmers In Transition or FIT program. FIT is a 6 million dollar program designed to help farm families with severe financial problems. Through FIT, the Liberal government hopes to curb the loss of family farms. Where this can't be done, the program will assist farm families to re-establish.

One of the first steps will be to temporarily defer action against farmers in trouble under three provincial assistance plans. Other FIT measures include the hiring of successful farmers, financial assistance during the period of job search for farm families who are forced off their farms by financial difficulties and advice on how best to use provincial and federal social assistance programs.

Meat support payments

- by Bill Scott, MP -

Hog and beef producers will receive stabilization payments totalling \$41 million under the Agricultural Stabilization Act. For the first time these payments will cover a quarterly period, as provided under Bill C-25, amended last June.

For hogs graded index 80 or higher, the federal payment covers the two quarters April to June and July to September 1985. For the first period the compensation amounts to \$7.3 million and for the second \$15.5 million.

For slaughter cattle (grades A, B, C or equivalent) producers will receive a total of \$18.2 million, applicable to the third quarter only.

Prices were prescribed for

both industries for the first three quarters of the year. However, only during the periods indicated above were market prices lower than the prices set under the act. The support levels for pork and beef were calculated at 90% of the average price in corresponding quarters for the previous five years.

Pork prices were prescribed for two quarters because the previous support period covered the period from April 1984 to March 1985. The support prices per hundredweight were set at \$64.65 and \$70.85 for the second and third quarters respectively. This compares with market prices calculated at \$63.07 and \$67.31 for the same two quarters giving a difference

of \$1.50 and \$3.54 per hundredweight. The result is a payment per head to producers of \$2.73 for the second quarter and \$6.10 for the third quarter.

The support price for slaughter cattle was set at \$69.47 per hundredweight for the third quarter, compared to a market price of \$66.95 per hundredweight for a difference of \$2.52 per hundredweight. This means a payment per head to producers of \$28.22.

The federal assistance will cover more than 7 million hogs. Ontario will receive 30.9 per cent of the total. For slaughter cattle, Ontario will receive 30.8 per cent of the assistance. A total of slightly under

SECOND CLASS MAIL REGISTRATION NO. 0936

Lochlin marks diamond anniversary with special service, memories

submitted

Sunday, November 24 marked the sixtieth anniversary of the present Lochlin United Church building.

Lochlin congregation welcomed members of the Ingoldsby congregation, as well as many visitors whose roots were in Lochlin, to share in this special service including the Sacrament of Holy Communion and following as closely as

possible, the original dedication service of November 22, 1925, using the same Scriptures and Hymns (sung to present-day tunes). A photo copy of the original service was included in the bulletins.

Special music was provided by the Sunday School with teachers and children singing "Jesus loves Me", accompanied by Betty Hicks on the piano. Betty

Hicks and Shirley Hill sang to duets: "The Church in the Wildwood" and "In the Garden" - old favourites, well chosen and beautifully sung. They were accompanied by Celia Brown, Lochlin's faithful organist for the past 40 years. Everyone also enjoyed a short sing-song before the service, led by Betty and Shirley and accompanied by Tom Flink on the piano.

The Rev. John James delivered to a packed Sanctuary an outstanding sermon titled, "The Holy Place, The Holy People" and reminisced about the faith and foresight of the residents of the community in 1925, pointing out that many of today's congregations are their descendants.

The original building was erected and equipped for approximately \$4,000.00 with much free labour. The evening following the dedication there was a Fowl Supper and Concert with tickets costing 50¢ each.

At the conclusion of today's service there was a delicious potluck luncheon during which several people shared humorous and informative anecdotes of days gone by. Time was also spent looking at pictures collected and displayed by the Sunday School, taken of many Church activities of the years including Christenings, weddings, picnics, toboggan parties, Christmas concerts etc. These were thoroughly enjoyed, and brought back many pleasant memories. This time of fellowship brought to a close a memorable event.

Concern expressed over soundness of bridge

Concern over the structural soundness of the St. Peter's bridge has prompted the Stanhope municipal council to request an immediate assessment of the structure.

The matter was brought to the attention of the council two weeks ago by the township's road superintendent Harold Barjarow. At the regular meeting of council, he noted that several large chunks of concrete from the supporting abutments had recently

dropped away. He also expressed concern over the stress the bridge will experience this winter when the heavy snow ploughs cross the structure.

The bridge spans the river section joining Maple and Beech Lakes, just across the road from the municipal office.

At a special meeting last Thursday night, the council was told that an engineer from the Ministry of Transportation and Communications had visually examined the bridge during the past week and that he agreed

with the assessment offered by the township's road superintendent. It was suggested that an immediate appraisal of the soundness of the bridge be carried out.

It has been estimated that the engineering study could cost around \$4,000.

All members of the council, except deputy-reeve Elgin Stouffer who was absent from the Thursday meeting, agreed to request the study. Councillor-elect Jim Harrison, also in attendance at the meeting, concurred with the council's action.

Bill Scott

(from page 4)

650,000 head of cattle will be covered across the country.

Payments will be made on all pigs and cattle marketed up to a maximum of 2,000 head of each class of livestock per farmer for each three month period. In the case of pork, domestic consumption is equal to 74% of production. Payments to producers will therefore be based on this percentage.

Prices will be prescribed for beef and pork for the current quarter according to the Agricultural Stabilization Act. However, as market prices are expected to show sufficient improvement, it is not likely support assistance will be necessary.

As Hon. John Wise stated in making this announcement, this is the last time the federal government will act alone in assisting beef and pork producers. Starting in January 1986, Canadian producers will be protected by national tripartite price stabilization programs that better meet the needs of farmers.

Warden bids council adieu

Last Wednesday's meeting of Haliburton County Council represented the end of a term for the warden of the county. Sherborne et al reeve Dalton MacDonald presided over his last meeting as the senior municipal politician in the county.

Before the meeting drew to a close, he told the members of the council that it had been a most enjoyable year. "I want to thank you all for your help during the

past year," and then, using the wry sense of humour that almost became his trademark during the past year, the retiring warden added, "I hope you get as nice a guy as me next term."

Several members of council praised the warden for his efforts during the past year and thanked him for his contributions.

The new warden will be chosen at the inaugural session December 17 at 7 p.m.

Three wins for Juveniles

It was a winning week for the Minden Monarch Juveniles as they captured three victories. The first came Friday evening when they downed Sunderland on home ice by a 6-4 margin.

The second win of the week was perhaps the most significant for the team. They travelled to Lindsay for an exhibition match against the Juvenile team. Playing a team from several divisions above their own, they not only managed a victory, but shut out their hosts as well. The final in that encounter was 7-0.

The third win came in

regular league action Monday evening in Fenelon Falls when the Monarchs captured a 7-4 win over their hosts.

Bernie Upton led the scoring for the Juveniles in the Friday evening match, scoring two goals, one unassisted. Other markers were shared by Barry Boice, Dennis McKee, Lennie Johnston and Greg Newell.

Minden led from the start, scoring two goals in the first period and one in the second before Sunderland managed two goals. The Juveniles extended their lead once again by scoring another

two markers before the period ended, with Sunderland adding one more.

The two teams traded singles in the third period with the final Minden tally coming in at the 7 second mark.

The Lindsay contest on Saturday saw the team notch two goals in the first, two in the second and three in the third period. Scot Hamilton led the scoring for Minden, his first of two markers. Hamilton's second goal was an unassisted effort which came in the second period.

The other five goals were shared by team mates Bernie Upton, John Wells with an unassisted effort, Jeff Howe, Doug Schell and Jeff Stamp. Barry Boice played a strong game, assisting on three of the team's seven goals.

Back in their own league, the team travelled to Fenelon Falls Monday evening and came home with a 7-4 win.

Barry Boice and Jeff Stamp led the charge for

Minden scoring a pair of goals each. Stamp also assisted on four other Minden markers. The other Monarch goals went to John Wells, Bernie Upton and Jeff Howe.

Both teams were evenly matched during the first period of play which was scoreless. Fenelon took a two goal lead at 10:18 and 4:52 of the second period. Before the buzzer sounded, however, the Monarchs had tied the game on goals by Boice and Upton.

Minden dominated the third period with three goals at the 12:30 mark by Jeff Howe, 8:51 by Jeff Stamp and 7:50 by Boice again. Two goals by the host club put them within striking distance once again, however, goals by Jeff Stamp at 1:26 and John Wells at the 4 second mark ensured the Monarch victory.

The next game for the Juveniles is this Friday when the team travels to Beaverton. The next home game is December 6 when the Juveniles host Bewdley.

Snow plagues area drivers

\$5000 damage was sustained by a 1979 Mercury Station wagon when the driver, Ruby Mark, 29, of Guilford Township lost control of the vehicle on the snow covered roadway on Friday, November 22 on Highway 118 west of Stanhope Airport. Mrs. Mark was treated and released at Haliburton Hospital. The investigating officer was Constable Jim Solway.

Two collide

On Wednesday, November 20 on Alexander Road in Minden Township, two vehicles each sustained approximately \$2000 in damages to their left sides when they collided near the crest of a hill. No injuries occurred in the incident. The southbound driver was Alex Little, 17, of Minden Township while the northbound vehicle was being driven by Helen Johnson, 60, also of Minden

Township. The incident was investigated by Constable Al Barnes.

Struck a tree

Marianne Lindsay, aged 19 of West Guilford sustained a minor injury when the 1976 Pontiac she was driving slid off the slush covered roadway and struck a tree. The incident took place Saturday November 23 on County Road 7 in Guilford Township and damages to the vehicle amounted to \$2000. Investigating officer was Constable Brad Burkholder.

Slush strikes again

A 1984 Plymouth sustained \$6000 in damages when the driver, Peggie Neville, 59, of Dysart Township, lost control of the vehicle on the icy road and the car slid into a ditch and rolled over. The incident took place Saturday, November 23 on County Road 1 in Dysart Township and the driver sustained a minor injury. The investigating officer was Constable Brad Burkholder.

\$1000 damages

On Trappers Trail in Dudley Township on Saturday November 23 P.C. Brad Burkholder was the investigating officer when Gladys Gottschalk, 55, of Scarborough lost control of her 1984 Dodge on the icy road. The car slid into the ditch and rolled over into soft snow and mud. No injuries were reported.

Bowling results

The Vankoughnet mixed bowling league standings are as follows for the week of November 14:

Team standings: Doug - 135; Tony - 122; Ron's - 112; Gord E. - 128; Gord M. - 121; Fred - 112.

High averages: Gord Everall - 214; Marnie Byrnes - 183.

High Single Flat: Gord Everall - 315; Cathy Boake - 254.

High Single Handicap: Gord Everall - 328; Linda Thorpe - 323.

High Triple Flat: Gord Everall - 773; Marnie Byrnes - 629.

High Triple Handicap: Doug Reinwald - 811; Leona Murphy - 746.

Confused about thermometers

"I know that there are different types of thermometers. What do I need for home use?"

You will need at least one or more fever thermometers for home use.

The old reliable way to measure a fever is with a mercury thermometer. Mercury thermometers are popular because they are self-registering. Once the mercury column in such a thermometer reaches a maximum temperature height, it stays there until shaken down. Mercury thermometers are calibrated in both Fahrenheit and Celsius scales.

Most pharmacies carry 3 kinds of mercury thermometers: oral, to be placed under the tongue for 5 to 10 minutes; rectal, to be inserted into the rectum for at least 3 minutes; and security.

A security thermometer can be bought for either rectal or for oral use. It may not be used for both.

Each method produces a slightly different reading. Your "normal" oral temperature will usually be within a degree of 37.0°C (98.6°F). Your normal rectal temperature will be 37.5°C (99.5°F).

You also have an axillary temperature. Although it's not as precise as an oral or rectal temperature, it's handy to know. Just tuck any mercury thermometer into your armpit and hold your arm tightly against your body for 3 to 5 minutes. It should be within a degree of 36.5°C (97.7°F).

You have a fever if you have an oral temperature greater than 37.0°C (98.6°F) or a rectal temperature greater than 37.5°C (99.5°F), or an axillary temperature greater than 36.5°C (97.7°F).

Another way to measure fever is with thermometer strips. They indicate temperature by changing color. Although easy to use and certainly safe, ther-

mometer strips are not very accurate.

You may also have heard of basal thermometers. They are used to help determine ovulation time in women. They cannot be used as fever thermometers because they are not calibrated to read high temperatures.

Before using any mercury thermometer you have to shake it down. This isn't easy. Ask your pharmacist to show you how.

Always be sure when you have finished using a thermometer that you wash it with soap, wipe it with alcohol, and store it carefully away — where you can find it the next time you want it.

Do not take an oral temperature for at least 30 minutes if the patient has had anything hot or cold to drink or has been smoking. The reading will not be accurate.

Do not take a rectal temperature without greasing the thermometer with petroleum jelly. If you don't, you'll cause pain.

Every home needs at least one thermometer just for measuring oral temperatures. If you have young children or babies, you need a thermometer for rectal temperatures also. You can use a rectal or oral thermometer to take an axillary temperature, too.

Don't buy a thermometer you can't read and understand.

Main Street - Minden - 286-1220

Hartwick goalie Doug Pearson keeps an eye on the puck as it floats between him and a tangle of players just outside his crease. The shot had been deflected by the goalie. Hartwick went on to defeat the Rockcliffe team 6-5.

Times takes Vasey's 18-7

A lopsided win by The Times team and two closer matches were the features of the evening during Monday night Men's Recreational Hockey League action in Minden.

The Times team took an 18-7 victory over Vasey's Real Estate, while Home Hardware defeated Hall's Insurance 10-6 and Hartwick Construction edged the Rockcliffe Foamblowers 6-5.

The Vasey team iced only seven players Monday evening, which could be one reason for the rather lopsided win by The Times. However the nine Times players did turn in a well-played contest, demonstrating their skill around the net and co-ordinated teamwork.

Jim Keetch led the victory for The Times with six goals and six assists. Close on his heels with five goals each were Tim Carrol, who also had five assists and Sid McKeigan who also picked up four assists. The other two Times goals were scored by Fraser Rogers who also had two assists. Assists were also awarded to Dennis Brule and Kim Colliss each with four, Dennis Wilson with two and Ted Vasey with one.

Scoring for Vasey's was Brian Shaw with three, Eldon Bull with a pair and two assists, Louie Reynolds with a single, unassisted and four assists and Dan Reid with a single. Reid also assisted on three other goals. Other assists went to Dave Rogers with two and Kim Hamilton with one.

Home victory

Home Hardware managed a 10-6 win over Hall's in Monday night's action. Leading the way for Home was Dean Hewitt with five

goals. Dave Hartwick scored a pair, one unassisted and Larry Sawyer also notched a pair. Harold Cowen scored the other marker for Home. Doug Rae and Mike Jackson each assisted on three goals while Brett Austen helped out on two.

Kevin Webb and Lawrence Lougheed led the Hall's attack scoring a pair of goals each. Webb also assisted on two goals. Single markers were notched by Dan Ellis and Dan Manuge, each with single assists. Others picking up single assists included John Barkwell and Neil Hutchinson.

Close contest

It wasn't until the final four minutes of the game that Hartwick was able to squeeze out a victory over Rockcliffe. Joe Mitchell scored the tie breaking goal

for Hartwick with just 4:04 remaining on the clock. The assist on the goal went to Lee Bull.

The teams traded goals throughout the game with Rockcliffe picking up two in the first frame to Hartwick's three. They matched goals in the remaining two periods to give Hartwick the edge.

Mitchell, who scoring the winner for Hartwick, also scored the opening goal for the team. He also assisted on two others. Lee Bull also scored two goals in addition to his single assist. Single markers went to Greg Carpenter and Pete Pearson. Ken Casey, Kevin Hamilton, Pete Walker and Jeff Campbell figured in the scoring with assists.

The Rockcliffe effort was led by Dave Brown with four goals one unassisted and an assist. Casey Cox scored the other goal for the

Blowers. Colin Wilson and Rick Mansfield were each credited with a pair of assists with singles going to Joe Giles and Dave Crego.

The teams play each Monday evening at the Minden arena. The first game gets underway at 7 p.m. There is no admission charge.

Minden W.I. convention

There was a meeting of Minden Women's Institute at the Library-Cultural Centre on November 20 with Mrs. C. Lacey, president, in charge. The roll call of home-made article for auction was answered by 22 members and 2 guests, one of whom Mrs. Dorothy Winger later joined, as did Alice Todd.

Mrs. A. Coulter read the Card Report from Mrs. Moore of 14 cards sent since the October meeting. Collections for Card Fund and Pennies For Friendship were taken. We are donating food or other items for the Christmas Baskets and these may be left in boxes around our village or be brought to the next meeting.

Mrs. Lacey then gave a detailed report of the Area Convention and said how

she enjoyed this very much. She had a refund of \$20 for us and had two copies of the Convenor reports. Mrs. Alec Taylor told us several jokes as told at the convention.

Expenses of cars to the Craft Day are to be paid. Mrs. Lacey then read the programmes for our Christmas meeting on December 18 at the United Church Hall, with gift exchange of \$2.00 and bring a guest and don't forget your verse. If members know of anyone who might like to receive a get well card, please phone Mrs. Moore.

The meeting adjourned and auctioneer Verla did her best as we realized \$61.70 from the sale of articles. All enjoyed a social time and snacks and tea served by the committee.

Jeanne Sears P.R.O.

Peterborough wins Atom tournament

St. James of Peterborough claimed the championship in the Minden Atom Tournament played this past weekend at the local arena. St. James defeated Bobcaygeon 6-1 in the final game to take the title.

The Minden team was

eliminated from play after two games. They were defeated by Bobcaygeon in the tournament opener 3-2 and in the second by Little Britain by a 2-0 score.

The Haliburton entry also lost both its games going down 4-1 against Bobcaygeon and Newcastle.

Little Britain won the Consolation championship.

Kinmount school news

by Jane Austin

Time is flying and the first school term is rapidly drawing to a close are everywhere as teachers prepare report cards and plan Christmas activities.

Our 'Holiday Gift

Shoppe' fund raising program has been a great success. The orders have now been delivered and plans are underway for spending our profits.

Hallowe'en was celebrated by the students on Thursday, October 31st. Costumes were brought to school and during the lunch

hour the students changed into their Hallowe'en finery in preparation for an afternoon of fun and games.

On Friday, November 8, the senior girls attended a volleyball clinic at the Burnt River - Somerville Centre in Burnt River. The senior boys also attended a clinic on November 14. These

clinics are in preparation for a mixed volleyball tournament to be held Thursday, November 21.

Ernie Demuth, Jason Scarlett and Dan Magee joined with the senior boys from Norland School to participate in a soccer tournament at Central Senior School in Lindsay recently.

Congratulations to Jenny

Bunville and Zoie Rolfe on winning a prize in the CKLY Hallowe'en Safety Poster Contest. Jenny and Zoie each received a Dairy Queen Gift Certificate and a CKLY Certificate of Merit.

Remembrance Day services were held at the school on November 11. Special guests in attendance were Rev. Ransone of St. James Anglican Church in Kinmount and Guest Speaker

Corporal Ivan Jones of the Royal Canadian Legion Branch No. 441.

On the occasion of the Royal Canadian Legion's 60th Anniversary, a large box of tulip bulbs was donated to the school. A new flower bed was made by the students to receive this very generous gift which will brighten the springtime at the school for many years to come.

Plans set for Snowarama

Timmy's Snowarama for Easter Seals, the only winter event of its kind in the world, is gearing up for its 12th season this January in 40 communities across Ontario. Since inception in 1974, this annual snowmobile and cross country ski event has raised more than seven million dollars for the Society's 6,800 physically disabled children.

Locally, the Rotary Clubs of Minden and Haliburton have contributed their time and effort in holding Snowaramas each year. The Minden event will be held in conjunction with the Kinsmen Winter Carnival January 25. In Haliburton the Snowarama will be held the same day.

The 1986 rallies will take place at 36 centres and will involve more than 3000 snowmobilers and 2000 cross country skiers from Kenora to Prescott. These events are only made possible by the continued sponsorship of Molson Ontario Breweries Ltd. Last year, participants raised in excess of \$900,000 and the goal for 1986 is \$1 million.

Branch 129 news

by Gerald Irish

Carnival? ... No? Bluegrass? ... Yes!

In the summer of 1986 we will not be having our annual Carnival. Instead, Haliburton County will be having its first Bluegrass Festival, sponsored by the Legion, Branch 129. All contacts have been made and arrangements are progressing well. Watch for announcements early in the new year. Some time in March, Mac Wiseman and a Bluegrass group will be at your Legion to entertain you and introduce Bluegrass to the uninitiated.

We have received approval for our own Cadet Corps in Haliburton County. Base Trenton has been in touch with us and they are sending materials to us. All Cadets please watch for details about getting measured for uniforms and enrolling. Cadets should have birth certificates and social insurance numbers available.

Everyone who attended the Grey Cup Party at the Legion on Sunday, had a wonderful time. The chili lunch was delicious.

Tickets on the Christmas basket draws are selling well. We have only a few of the three hundred printed left to sell. Get yours soon and avoid being disappointed.

The Snowarama is organized at the community level by Easter Seal Society Service Clubs and rallies will be held on successive weekends concluding March 1, 1986. A special feature of Snowarama is the John Black Aird Corporate ride, involving leaders from the business community, government and media which takes place February 2, in Bradford.

In 1985, Ken Dryden, Ontario Youth Commissioner, chaired the First Annual Corporate Ski Challenge as an extension of winter fund raising for Easter Seal children. The event was a great success, attracting 62 teams. The Corporate Ski Challenge will once again take place at Molson Park. This year's

date is Sunday, February 16. The co-sponsors of the Corporate Ski Challenge '86 are Pepsi-Cola Canada Ltd., and Molson Ontario Breweries.

"These winter fund raising activities would not exist without the tremendous support of our Service Clubs and the snowmobile and ski associations," says Ms. Susan MacLachy, special events co-ordinator, the Easter Seal Society.

"We may not be able to count on the weather, but we know we can count on the dedication and commitment we get from our friends. There are 10,000 Easter Seal volunteers throughout the province working hard for the disabled child, year in and year out."

Funds raised through

Timmy's Snowarama for Easter Seals help maintain five summer camps, a province wide nursing program, a prevention and public education program, the Easter Seal research foundation and Blis-symbols Communication Institute.

For more information regarding participation in the Minden rally, contact Steve Berry, Snowarama Co-ordinator at 286-2750. Greg Bishop is the co-ordinator in Haliburton. He can be reached at 457-2811.

Easter Seals**

Bridge for seniors

by Bruce Armstrong

The Drop-In Centre's Christmas luncheon and fun day for the activities members is now planned for Monday, December 16 at 12 noon. Tickets are to be available from the convenors at about \$5.00.

Mondays at the Centre are normally bridge days. The regular session gets underway at 1:15 p.m., however, last week a new group gathered in the morning for the first of a series of instruction and practice sessions and they would certainly welcome others who are interested.

"Bridge" is described in the Oxford Dictionary as "A card game of Russian origin resembling Whist." Hoyle identifies "Auction Bridge" as starting about 1904 while the more popular version, "Contract" dates around 1926, but there are many offshoots such as Duplicate, Progressive, Chicago, Towie, Domino and Honeymoon.

To the uninitiated it might be considered a rather physical game with its jump over calls, take out doubles, slams and even penalties for untimely exposure, while others would consider it unique having a dummy sitting around each hand!

Seriously, it's the only card game with its own laws recognized internationally and numerous experts have been rewarded over the years; there's the Blackwood, Gerber and Stayman

conventions, the Vanderbilt Club, and the Culbertson and Goren bidding systems.

Mondays, to her appreciative friends and associates, are also considered Vi Smith days for she is the volunteers hostess to any drop-ins after 10 a.m. and then later she becomes games covenor. Vi has proven herself invaluable at Home Support since moving south from West Guilford and extends a hearty welcome to all.

HOMETOWN Christmas

The first winner in our Hometown Christmas draw is Miss
M. Johnson of R. R. 2, Minden. Her draw ticket was filled
out at Dollo's I.G.A. Foodmarket and was drawn by Bess
Cox at The Times office in Minden Tuesday afternoon.

Volunteer drivers needed

by Donna Bailey

It was with regret that the Home Support Board of Directors accepted the resignation of Karen Franke as our part-time bookkeeper secretary/receptionist as of November 15. Karen has found employment in Toronto. We wish her our very best. Sherry Mullholland has been hired to fill the position vacated by Karen.

The Meals on Wheels units of service has increased from 2,728 in 1982/83 to 3,336 in 1983/84 to 4,388 in 1984/85.

With the increased need has also come a need for more volunteers to participate in various aspects of this service to our seniors and disabled persons who are unable to prepare adequate meals for them or have inadequate cooking facilities or have health and social needs defined by local doctors, hospitals, health and social service.

We are very fortunate to have faithful convenors who

take care of the actual day to day functioning of this service. We are also fortunate in having good reliable sources for our meals. It varies from a private home to restaurants

to a hospital to a nursing home. One of greatest needs in most areas is for more volunteer drivers and runners to deliver the meals on an occasional/regular basis. There is especially a need in the winter time when we lost many of our drivers to the sunny south.

If you can give some time to deliver a meal on an occasional/regular basis, please contact the office at 457-2941 or phone the convenor in the area where you live. It will be greatly appreciated. Mileage is reimbursed annually.

The convenors and their phone numbers are:

Carnarvon and area - Elsie Bursey 489-2899; in GILD (Gelert, Ingoldsby, Lochlin, Donald) and area Bessie Burk 286-1829; in Haliburton and area - Robin

Woodcock 457-2868; in Kinmount and area Ken Hyams 488-2032; West Guilford and area - Alice Martin 754-3173; Minden and area - Georgina Deeks 286-1139; Wilberforce and area - Adele Barnes 448-2838; Cardiff and area - Cy Yeoman 1-613-339-2360.

Thank you from all the seniors and disabled persons for helping them to remain in their homes.

Needle Notes from **Stedmans**

5-12 CHILD'S PUZZLE PULLOVER

These charming pullovers, sized for children from 2 to 8 years old, are quick to knit and cute as can be! Whether you make the giant jig-saw style or the pullover with contrast bands, these sweaters are simple enough for a novice knitter. Moms will appreciate the machine wash and dryability of Patons Diana.

These patterns are available at Stedmans in Minden and Haliburton.

**WIN A VCR
FOR
Christmas
HOW?**

Starting today, November 6th, until Monday, December 23rd, a copy of every sales check (except for movie rentals) totalling \$9.95 or more (not including Provincial Sales Tax) will be put in Halco's Santa Special Box.

On Tuesday morning, December 24th, a draw will be held. The name of the winning (first drawn) sales check will be notified as soon as possible. It could be you.

Remember, you can enter as many sales checks as you wish as long as each one totals \$9.95 (PST not included)

PROPERTY ASSESSMENT

and your 1986 Municipal and School Taxes

Regional Offices located throughout Ontario are responsible for assessing all real property for the purposes of municipal and school taxation.

The resulting Assessment Rolls are delivered to municipalities which use them to set their mill rates and compute municipal property tax bills.

The amount of property tax you pay on your home or business depends on the assessed value and the mill rate set by your municipality. The assessed value multiplied by the mill rate will determine your 1986 property taxes.

Open House Sessions

Open Houses are your opportunity to fully understand your assessment and to evaluate its equity.

Open Houses are held in every municipality at convenient times and locations, to provide you with the opportunity to discuss your assessment with staff of the Regional Assessment Office.

An assessor will be pleased to explain the basis of your property assessment and is authorized to amend any information as may be necessary prior to the delivery of the Assessment Roll to your municipality.

If you have any questions but are unable to attend the Open House, please contact your Regional Assessment Office at the address or telephone number shown below.

Assessment Notice

Property owners and tenants will receive an Assessment Notice **only if information regarding their property or assessment was changed during the past year, if the assessment was appealed last year, or if the property has been reassessed under section 63 of the Assessment Act.** If you receive an Assessment Notice, it may reflect changes you have requested in your school support designation, in the amount

of your assessed value, or other recorded information on last year's Notice.

Appeal Procedure

If, after attending your local Open House, you are still dissatisfied with your assessment, you have a right to appeal it to the Assessment Review Board. The Assessment Review Board conducts informal hearings and is responsible for determining whether the assessment under appeal is fair and equitable with the assessments of similar properties in the vicinity or neighbourhood, and may alter your assessment accordingly.

Appeal Deadline

The final date for appealing your assessment is January 7, 1986.

Your appeal must be forwarded, either on a Notice of Appeal Form or as a letter, to the Regional Registrar of the Assessment Review Board on or before January 7, 1986, noting your property address, Roll Number and the reason for the appeal.

To assist you in this regard, Notice of Appeal forms and the address of the Regional Registrar of the Assessment Review Board are available at Open Houses, your Regional Assessment Office, or your municipal office.

Schedule of Open Houses

Township of Anson, Hindon & Minden	Dec. 9 & 10, 1:00 p.m.-7:00 p.m., Municipal Office

around the county town

Call 286-1288 — 9 a.m. - 4 p.m.

Minden Agricultural Society will meet December 4 at 7:30 p.m. at the home of Loretta Nesbitt.

Mr. Walter Barrett of Beaverton visited with Mr. and Mrs. Phil Robinson on Tuesday last.

Trevor Clements of Scarborough spent a few days with his grandparents Pearl and Arnold Cowen.

We are sorry to report that Mrs. Eleanor Pye has been confined to Peel Memorial Hospital in Brampton. It is expected that Mrs. Pye will remain in Room 369 at the hospital for a month or so. Get well soon Mrs. Pye, sorry about your Florida trip - hope you get there very soon.

Mrs. Mary McKelvey was pleasantly surprised on Saturday afternoon at her 65th birthday party given by her daughters Pearl, Vera and Irma at the Arnold Cowen home. A delicious lunch was served and Mrs. McKelvey received a variety of gifts from her many neighbours and friends. A family dinner party took place that evening to top off the celebrations.

Thursday afternoon card party winners at St. Paul's Anglican church were most lone hands - Irene Houghton, others included Gladys Wruth (on a cut), Mary McKelvey, Nora Briggs (Man's) and Bob Mitchell.

Congratulations to Frank and Eleanor Ferris who will be celebrating their 50th wedding anniversary this month.

Club 35 card party winners on Monday included - most lone hands Bill Donnelly, high lady Pearl Foster and high man Kim Foster. The door prize was awarded to Marie Thompson while other winners were Marg Schepers, Don Land and Velda Harrison. We also apologise to Mrs. Land, one of the winners from last week who was referred to as Mrs. Hand.

Carol, Reg and Karen Leaman of Keswick dropped in Saturday for a visit with Jeanne and Milt Sears.

Last Thursday evening Staunworth Court residents joined in celebrating the birthdays of two residents, Art Hodgkinson and Ivy Angliss. The evening got underway with the residents and their guests Mr. Ed Pergolas, Corporation President and Mrs. Pergolas enjoying a tasty chicken dinner followed by a program of musical

entertainment provided by Bill Payne and his group. Those in attendance joined in singing a number of old standbys following which a light lunch was served. An enjoyable evening was topped off by the serving of the birthday cake honouring Art and Ivy.

senior league

by Bert Harrison

Dear readers: Last weekend was quiet, just the usual old favourites for visitors. We have had so much dull weather in November. Just November weather I guess but it sure makes a difference in the way a person feels. Jessie Walter was out to her home for the weekend.

Rev. Westhaver came and served communion service on Tuesday morning. Tuesday night Shirley and Murray Davis and Gordon Houghton came and played and sang for us which we enjoy so much. Murray plays the accordion so easily and so well and Shirley and Gordon play guitars and sing. It just makes Tuesday night worthwhile for us folks.

Doris Robertson, our Activities Director, took a bus load of the residents to Lindsay shopping on Wednesday. According to all reports they had a real good day.

The Eastern Star Ladies served us afternoon tea on Thursday, which was lovely. Mrs. Maxine Curry and Mr. Frank Faulkner on saxophone put up some really nice music afterward. It was Edith Welch and Jessie Walters birthday. We congratulate both of these fine

There will be free movies for children at Minden Library at 2:30 to 3:30 p.m. on Saturday, December 7. On December 21 at 1:30 p.m. Christmas movies for children will be shown.

The book Men Len is on sale at Minden Library at \$12.50 each. A great Christmas gift for that special someone.

Friends of Hal Burton send best wishes for his recovery. He is at present in Oshawa

ladies and wish them health to enjoy many more.

You know by Bert's column that "I'm a hard dog to keep under the porch" and I was out to Lochlin again this past weekend, a place that is dear to my heart. It was Lochlin United Church again this past weekend, and we had a real good service with communion and the church was full. Although several went home after the service, about fifty of us sat down to a "pot luck" dinner and did some reminiscing about old times and things that had happened years ago.

We are all very sorry that Mr. Lorne Coburn is sick and send him our prayers and good wishes.

I'm sorry but Bert Harrison is not back yet. He is in Peterborough Civic Hospital. We were given to understand that he'd been brought back to Lindsay and I'm sorry if I led anyone astray. Anyway, they send his mail on from Lindsay so he would get them eventually. Hurry up and get well Bert as we all miss you at everything here.

This is it for this week. Take care on slippery roads.

by Jean Lacey

Hi Kids!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off in the list.

It's as easy as that. Have fun!

To My Supporters - THANK YOU -

For your confidence and support during the last five years.

To agree unilaterally with everything and everyone for the sake of political points was not the way I perceived my position. The good of the whole community must always come first.

A special thanks to our staff and to our large group of volunteers and organizations. Without these people, this municipality would not be able to function successfully.

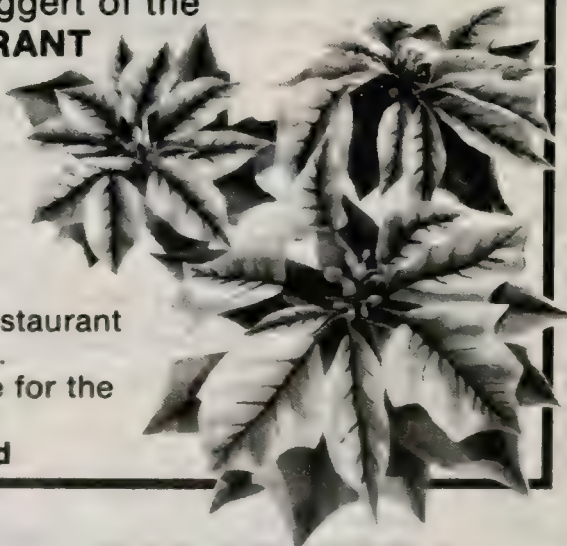

ED PERGOLAS

Thank You

Provincial Constable (Probationary) Terrence Hugh Allore recently graduated from the Provincial Police Academy in Brampton after successfully completing the recruit orientation course. Constable Allore is a former resident of Minden and a graduate of Haliburton Highlands Secondary School. He has been posted to the Dowling detachment, north of Sudbury, in OPP District 13.

Minden native Michelle McKelvey (Allore) was one of a number of graduates to receive diplomas at the November 16 graduation ceremonies of Shaw Colleges. The ceremonies were held at the Inn on the Park in Toronto. Michelle received her diploma in Word Processing Secretarial.

Did you know?

Did you know...that since 1980 the Ontario government has provided direct annual grants of up to \$500 per household to offset municipal and school taxes paid by persons 65 years of age and over (seniors) who own or rent their homes.

This means that, regardless of personal income, the first \$500 of a senior's annual property tax, whether paid directly or through rent, is refunded by the Property Tax Grant. For persons 65 and over the Ontario Property Tax Grant replaces the Ontario Tax Credit.

Every Ontario resident who is 65 years of age or older in 1985 is eligible if he or she pays property tax or rent on a principal residence in Ontario. A principal residence is a housing unit ordinarily occupied by a senior during the year to which the grant applies.

Certain housing units do not qualify as principal residences such as nursing homes; homes for the aged; chronic care facilities; charitable institutions; homes for special care or

similar institutions. Those who established eligibility in previous years and those who reached 65 before July 1985 should have received their annual application in the fall of 1985. Those who reach 65 between July and December 1985 will receive application forms by early 1986.

If you would like further information on this and many other subjects, call your County Information Centre today at 457-2733. Our office hours are 10-4 weekdays and we are located in the Drag River building in Haliburton.

CAREER OPPORTUNITIES

ARE YOU UNEMPLOYED between the ages of 16-24, or a mature female re-entering the workforce and are interested in working in the hospitality industry? If so, you might consider applying to the Haliburton Highlands Hospitality Training Centre. During the 18 week program held from Monday to Friday from 9-4, you will earn a wage while learning life skills and housekeeping, along with specializing in one of the following hospitality skills: Waiter/Waitressing, Bartending or Kitchen Help. Applications are available at the training centre. Closing date for applications is January 17, 1986. The next session will begin in February. Haliburton Highlands Hospitality Training Centre, P.O. Box 908, Haliburton, Ontario. 457-2313. 11C-1A

BUSINESS OPPORTUNITIES

Dissatisfied?? Two and a half years ago I was broke and dissatisfied. I now earn over \$15,000 per month commission. If you have the desire to earn this type of income ACT NOW. Contact between 9-5 (416) 863-0109. 11Dn/c 44

Tired of the same rate of pay, no matter how hard you work? If you wish the fruits of your labour to be reflected in the amount of money you earn, then this may be the opportunity you require. An expanding bathtub refinishing company wishes to establish dealers in your area. Some business and marketing ability required. This is one of the highest profit return service industries in Canada today. A cash investment of \$14,950 is required. For further information please write Old Quaker Coatings Limited, 5A Caesar Ave., Nepean, Ont. K2G 0A9. (613) 226-3024. 11Dn/c

Dissatisfied. Want more? Our company in Canada is experiencing a massive expansion. Earn up to \$100,000 or more per year. If you have the desire, phone (416) 659-7337. 11Dn/c

CARD OF THANKS

The Bill Kulas Family of Minden would like to thank the following individuals for their tremendous support during the recent loss of a dear father, Nick Kulas. Rev. John James for his words of comfort, Dr. Karl Hartwick and Dr. Steve Baxter, for their tremendous care, the wonderful nursing staff at Haliburton Hospital, Mike Easton and the great staff at Minden Valu-mart. Mom Joan Chambers for being such a great help, Gordon Monk Funeral Home and all of our caring neighbours and friends. Thank you all.

IN MEMORIAM

HUGHES: In loving memory of our dear sons and brothers who passed away suddenly. Laverne, August 20, 1978 and Lanny, November 29, 1982.

Wonderful memories woven in gold
These are the pictures we tenderly hold
Deep in our hearts their memories are kept
To love, to cherish, and never forget
Loved with a love beyond all telling
Missed with a grief beyond all tears.

Ever remembered by Mom, Dad, sisters and brothers and families.

Better hearing is better living.

I can hear you, but I can't always understand. Do you or someone you know often say this? If so, the Siemens custom in-the-ear (ITE) hearing aid may be the answer. Our newest ITE aids from Siemens can help you hear more clearly and understand what others say.

no cords • no tubes
• no wires •

- Free 2 week trial.
- Exclusive 2 year warranty.
- Free electronic hearing tests and personal consultations.
- A full time professional service you can trust.
- Serving the hard of hearing for 14 years. Mr. T. Faiers certified hearing aid specialist.

LIMITED TIME OFFER

- Hearing aid batteries \$3/pkg.
- Free tubing replacement.
- Free hearing aid cleaning.
- Repairs to most makes.

You are invited to discuss your hearing problems in confidence without obligation. Medical referral is not necessary. We are registered and approved by the Ministry of Health, A.D.P., and all private insurance plans.

Audioprosthologist on duty Mon. - Fri. 9 a.m. - 4 p.m.
